## Arranged Bouquet Sizing Details

- A **Medium Bouquet** fits inside a Mason jar.
- A **Signature bouquet** is about 12-14 inches across and is similar to the ones that we sell daily at our farm markets during flower season.
- **Carry Bouquets** are designed with more flowers, a rounder shape, and with strong-stemmed flowers on the outside to help prevent wilting and breaking.

**Please note** that sales tax applies additionally to all flower orders. Flower accessories, such as vases or ribbon, are not included. Flower stems are cut to about 18 inches, banded, and ready for pickup in floral buckets (mixed bouquets will be sleeved and placed four bouquets to a bucket).

## Loose Flower Buckets

Loose flower buckets come in 2-gallon floral buckets and typically contain approximately 75-80 assorted loose stems, with the stems cut to about 18 inches long. Buckets of larger flowers like sunflowers will average 50 stems per bucket.
